

WHAT ARE WE HERE FOR?

Our objectives are to –

- Promote the identification, protection, preservation, conservation and advocacy of historic and cultural heritage in the society's area* for the benefit of present and future communities and generations.
- Promote the education of the public in its appreciation of heritage values.
- Work in conjunction with Historic Places Aotearoa, other regional societies and local and central government agencies to create a better understanding of the importance of heritage in the Society's area.
- Actively promote participation in heritage events, historic tours and educational seminars.
- Do any act or thing incidental to the attainment of the above objects.

*The society's territory includes Wairoa District, Napier City, Hastings District and Central Hawke's Bay District.

LIAISON WITH THE CROWN ENTITY: Heritage New Zealand

We believe that there is a likelihood that the two heritage entities will work together more strongly in partnership.

RESEARCH INTO HERITAGE VALUES

Some of our members are trained researchers and have developed knowledge in particular areas of heritage protection. This is invaluable when it comes to making the case for heritage protection.

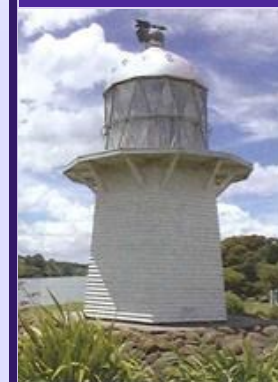

A VOICE REGARDING HERITAGE PROTECTION

Previously it has not been possible for us to speak up about heritage matters in the news media, but we are now able to be more active in Hawke's Bay when it comes to advocating for the protection of our heritage.

ADVOCACY ORGANISATION**

BUSINESS AS USUAL

Many of the activities of the old Hawke's Bay Branch of Historic Places Trust will continue under the new organisation. The following is a taste of some of these activities that you may well have enjoyed in the past. These will continue and some new possibilities will develop.

HERITAGE EDUCATION

Learning about our local cultural & architectural heritage from those with specialised knowledge at seminars, film nights or on bus trips.

SIGNAGE: MARKING PLACES OF SIGNIFICANCE

Installing appropriate signage to mark historic places is one of the important roles that the Committee performs.

BUS TRIPS: SPECIAL ACCESS TO HERITAGE PROPERTIES

Some of our architectural and cultural gems are not available for visits by the general public. Bus trips with a special architectural or cultural theme are hugely popular and membership of HPHB will ensure that you continue to gain access to some of our remarkable historical sites.

BECOME A MEMBER

Help us in our work by joining Historic Places Hawke's Bay

To join, complete this form and send to
